PROFESSIONAL LAWN & LANDSCAPE SERVICES

PRICE SHEET

PROJECT: Permanent Outdoor Lights | DATE: October 28, 2026 | CONTACT: 512-884-0413 | EARLY BOOKING ENDS: November 15, 2026

How it works: You buy the lights and, if you want track, the track. We install them, wire the controller, and help set up the app. You need an outdoor outlet for the controller. No hardwiring into house electrical. These are plug-in low-voltage systems. Steep or complex roofs are quoted case by case.
